

Willetton's Got Talent

Here is some amazing artwork that Area 14 has completed. They are called reverse acetate self-portraits. The process was multistep, using line and colour. We used acrylic paint and permanent marker.

LINE

Line is a dot that moves going and it moves in a constant look such as a brush, pencil, pen, etc.

Here is some amazing artwork done by Area 11. We have created self-portraits where one half is our face, and one half represents our uniqueness. We used a multistep process and covered the art elements of line and colour. We used pencil, crayon and Artline markers to create our art pieces.

In Area 12...

In Area 12 we come to school each day ready to learn. We try our hardest, follow classroom expectations and work efficiently. In Area 12 we work to make positive choices that enhance our learning and the learning of others. We persevere with things when they get hard and realise that mistakes along the way help us to grow. In Area 12 we work to set personal goals for ourselves and strive to achieve them. We can do this by developing good working habits to become life-long learners.

We show responsibility in our learning and take responsibility for our actions. In Area 12 we are proud of what we achieve and take pride in all we do. We help each other to learn and we celebrate the strengths that we have as well as the strengths of others. We show kindness to others and share what we can. We work to care for our own property, the property of others and the school. In Area 12 we are a class family. We support, we collaborate and look after each other. We are here to learn.

We are Area 12!
