

WPS BYO iPad Program 2021 Information for Parents

Dear Parents and Guardians of our current Year 2 students,

This year we have been unable to run our WPS Parent Information BYO iPad Sessions for our 2021 BYO iPad Program. Instead of hosting the sessions face to face, we have created an online experience for you to watch and read before your child attends Year 3 in 2021.

We have created an information page of links on our website that is specifically for our BYO iPad Program for 2021. Here is the link for you to access the following information and videos:

<https://willettonps.wa.edu.au/wps-bring-your-own-ipad-program>

1. WPS Parent Information Video for 2021 – please watch this video before purchasing any device.
2. WPS BYOD Parent Handbook 2021 – this is sway document like our newsletter format online. Please read through this document thoroughly before purchasing any device.
3. WPS Student User Agreement 2021 – please download, print and have your child sign this.
4. WPS Parent User Agreement 2021 - please download, print and sign this yourself.
5. Winthrop Australia Purchasing Flyer 2021
6. WPS Year Level Apps List 2021 – you will need to download the apps requested on this list. Please note if your child is the first one in your family to participate in the BYO iPad program, you will need to purchase full versions of the Book Creator, Popplet and Pic Collage EDU Apps.

Please note that the Student and Parent User Agreements must be returned to school **at the beginning of 2021** to your child's teacher. These documents will need to be returned before your son or daughter will be able to use their iPad on our school network and in class. If you have any more queries, please do not hesitate to contact Mrs Elsbury or Mrs Spencer-James.

Kind regards,

Mrs Sharne Elsbury
Technologies Coordinator
