Varshan - Area 14, Year 6

During this quarantine period, Varshan decided to take his love for animals further by making informative & entertaining YouTube videos about them.

His first video is about Man's best friend - Dogs.

Please take a moment to view his video at the following link:

The script, facts, jokes, editing of the video, selection of images were done solely by Varshan. He also took the initiative to learn a new video editing software without any assistance.

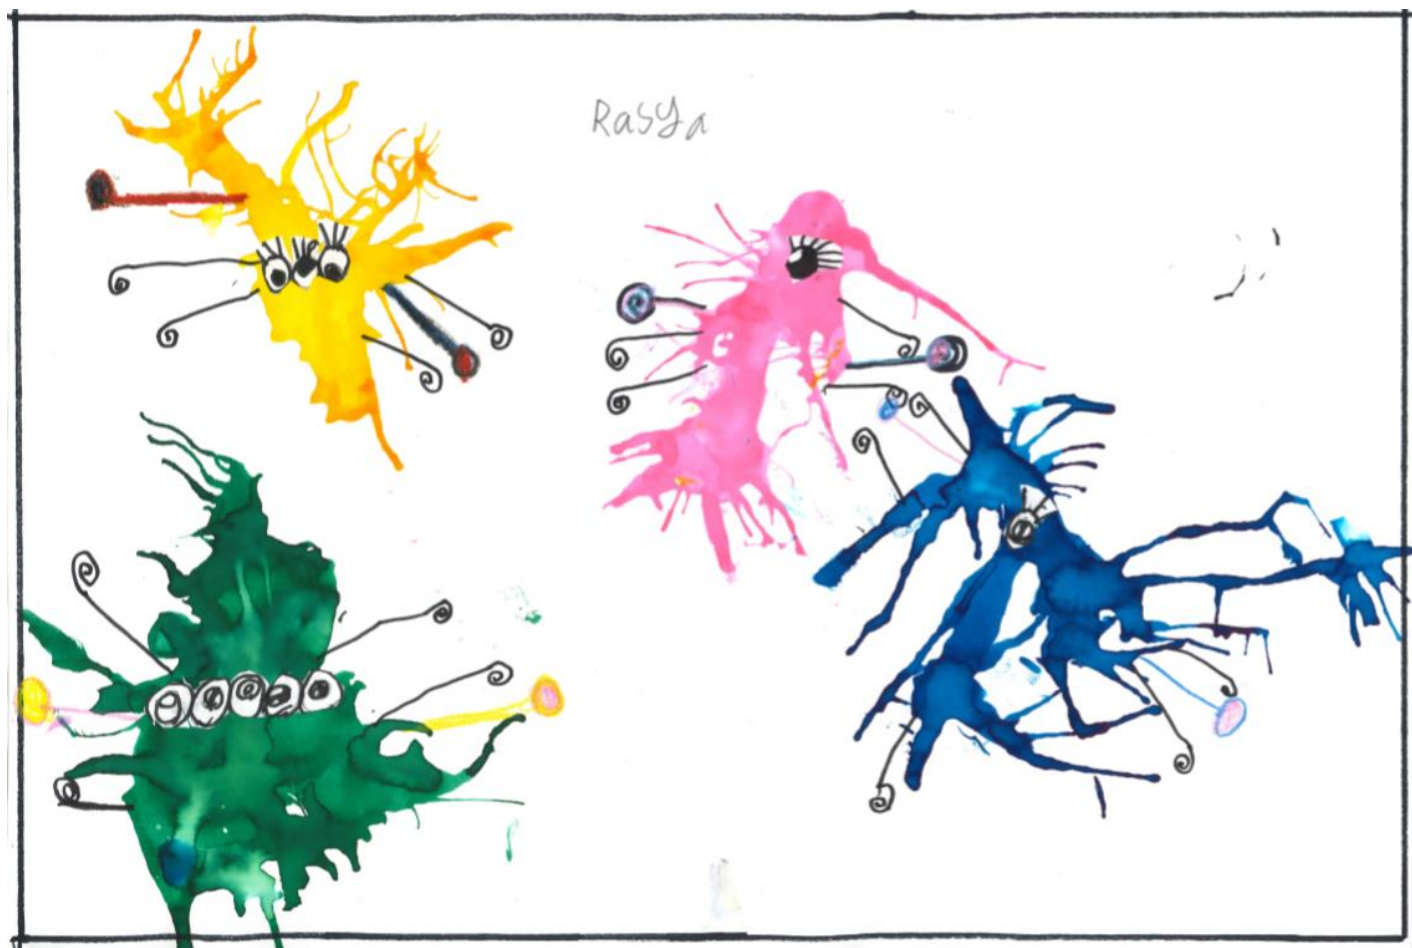

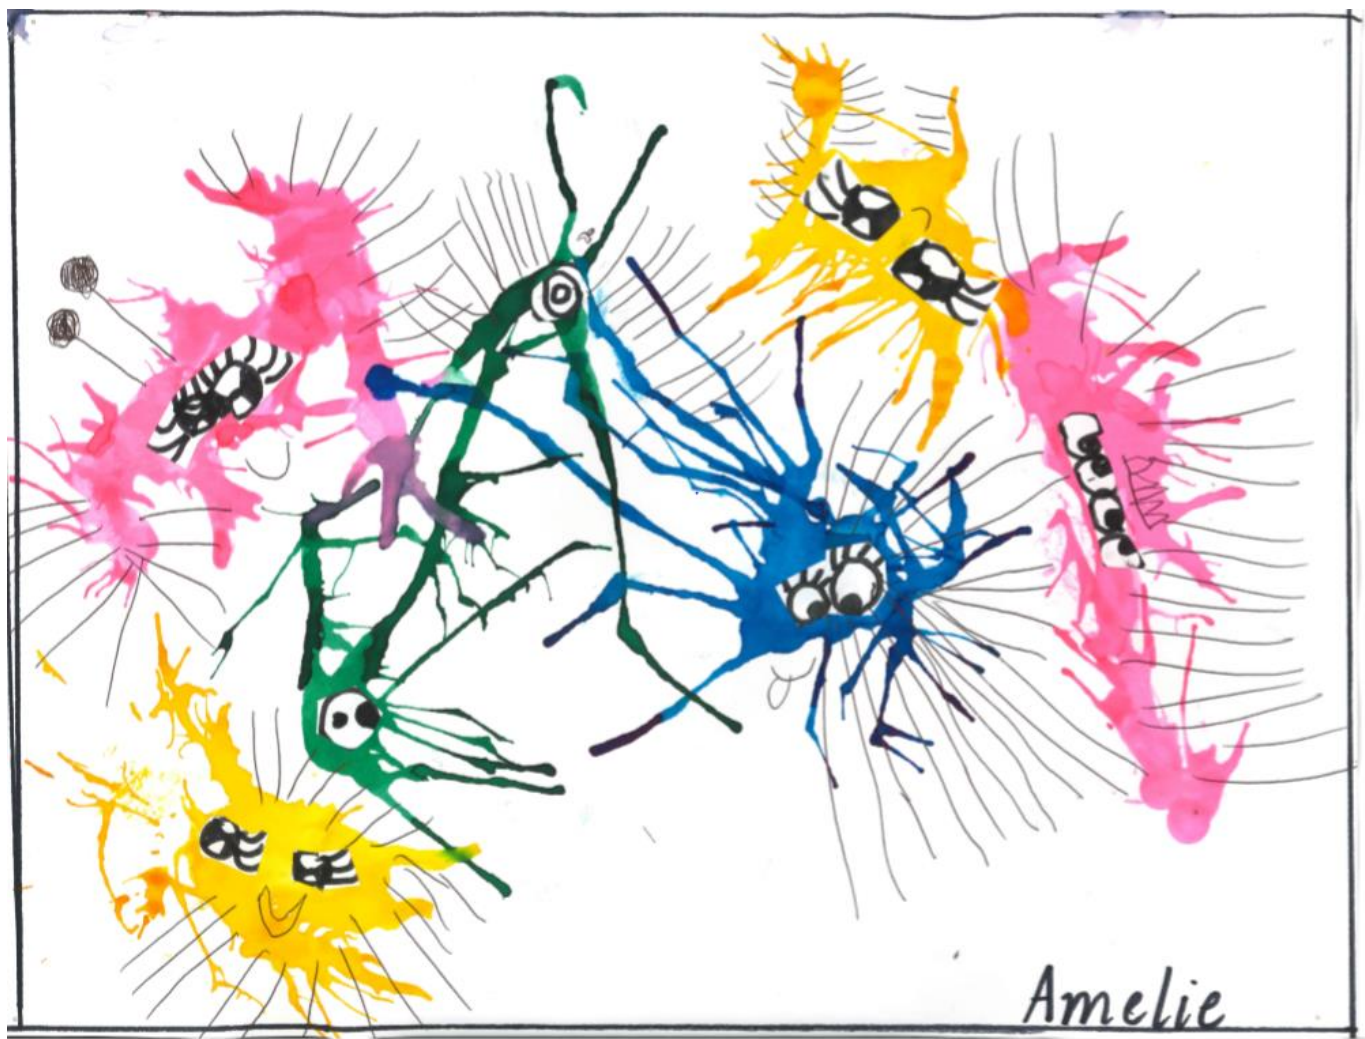

In this video, Varshan has mentioned RSPCA to promote pet adoption. Varshan is now working on his next video which is closely related to Perth Zoo.

Learning about germs

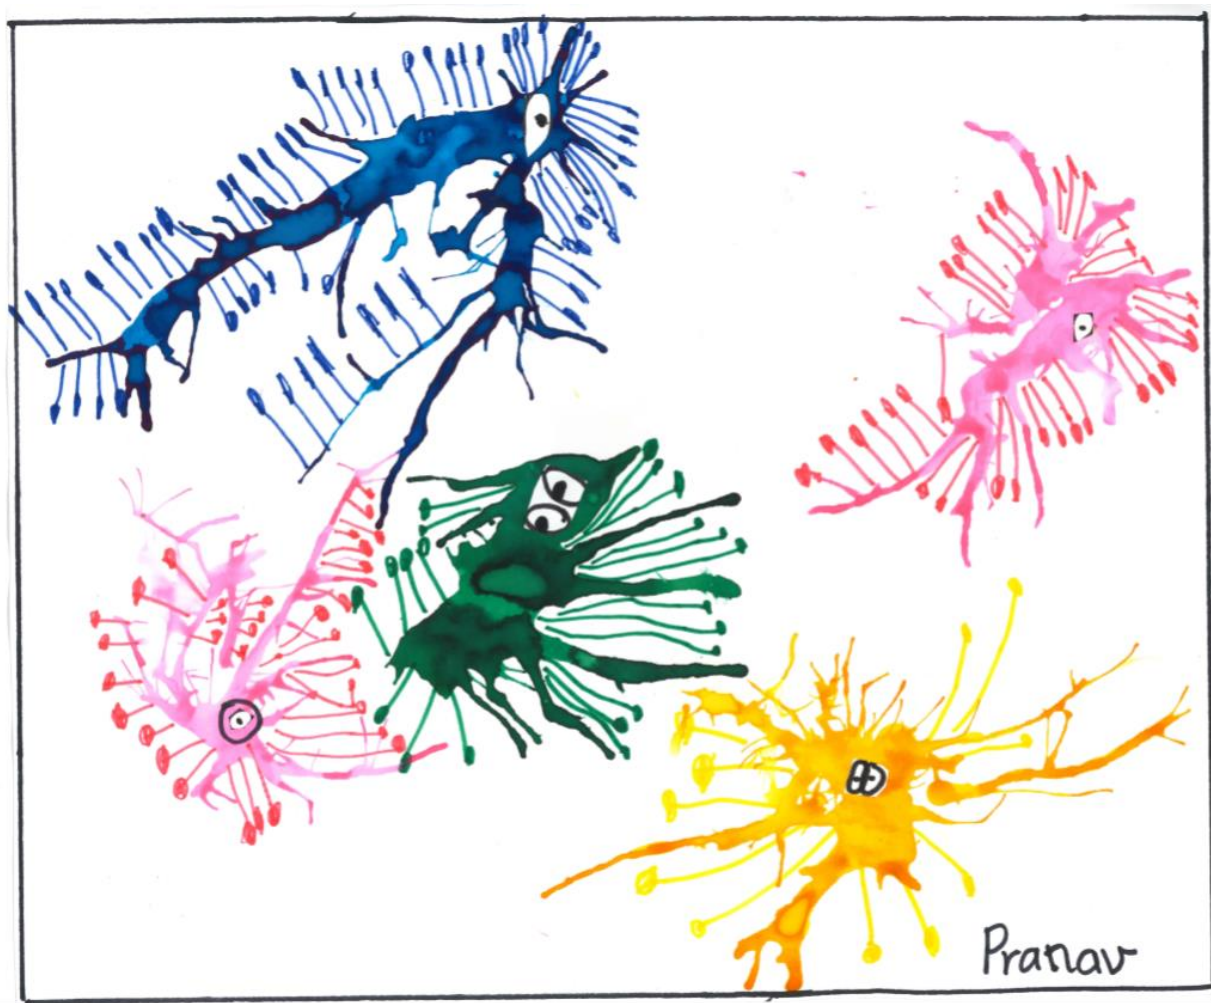

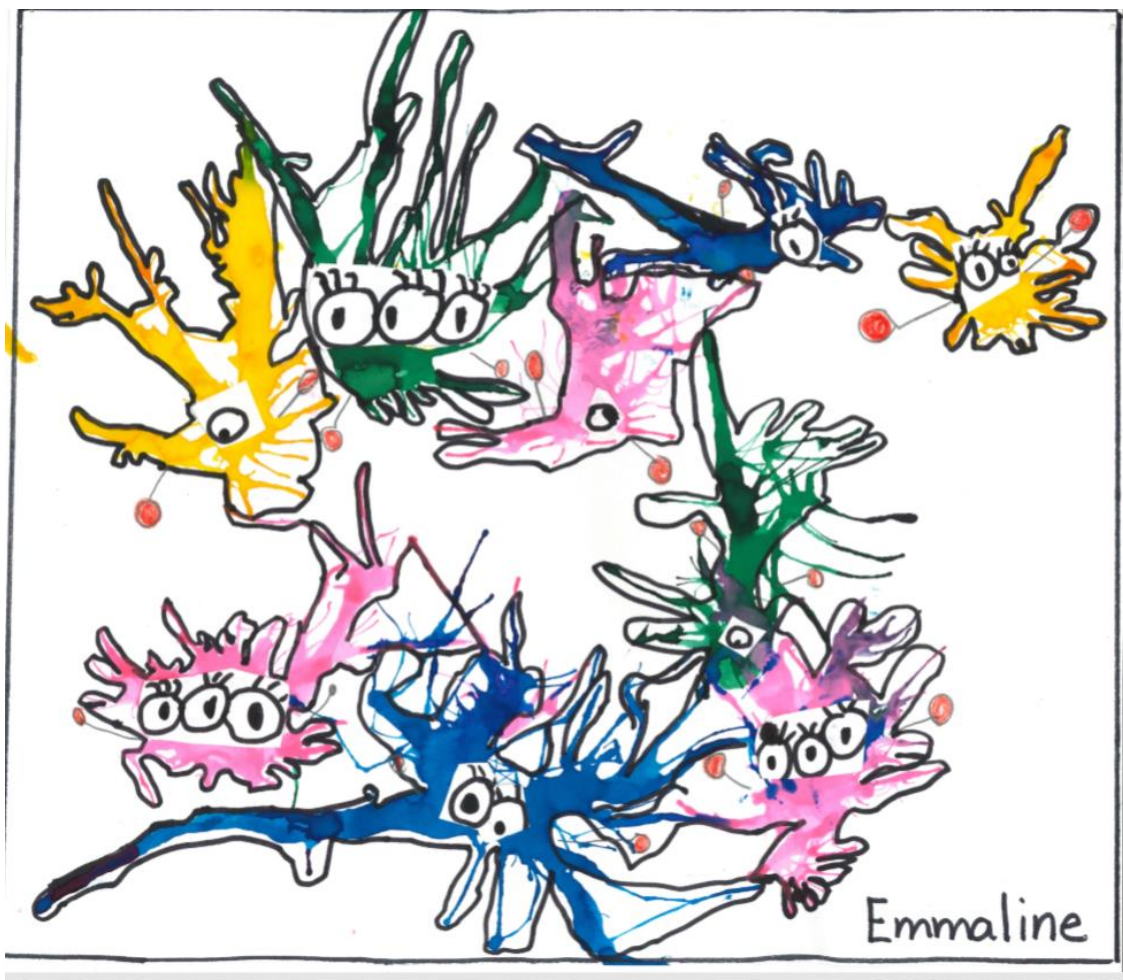

When you sneeze cover your mouth and sneeze into your elbow or tissue. If you sneeze on your hands, wash them. You do not want to get your friends sick.

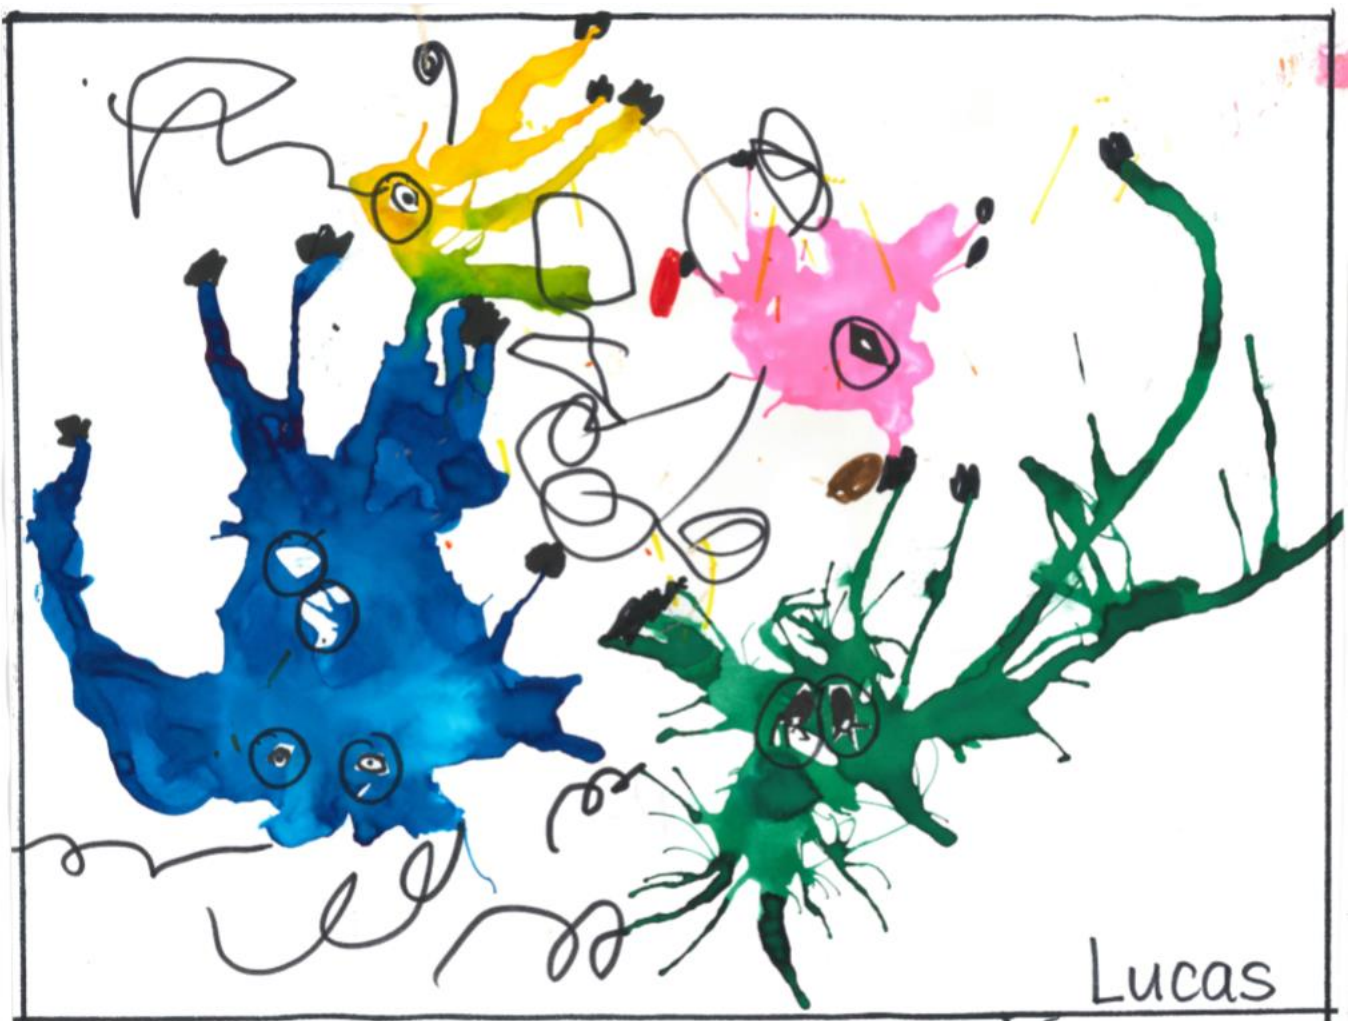

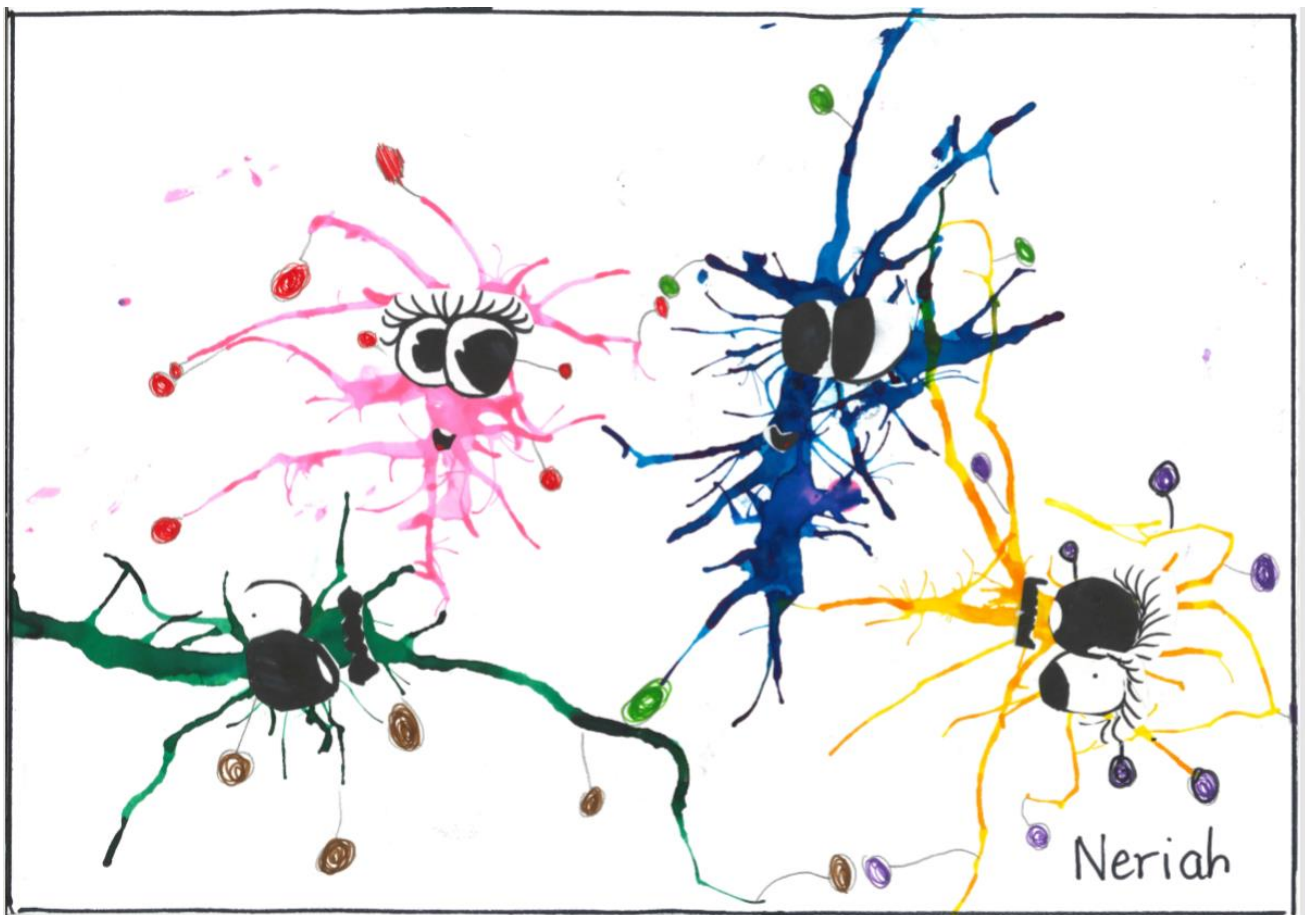

WILLETTON'S WIDE WORLD OF SPORT

New in 2020

It is already week 3 of Term 2 and there has been a tremendous effort from all classes during sports lessons. We have just finished learning about Netball. Students have been eager to learn the fundamentals of Netball and the variety of movements, passing, positioning and rules in the game. Students should be proud of their efforts and the competitiveness they show in lessons to improve their skills.

We move onto Basketball for Years 1 and 2, and Years 3 to 6 will be doing European Handball.

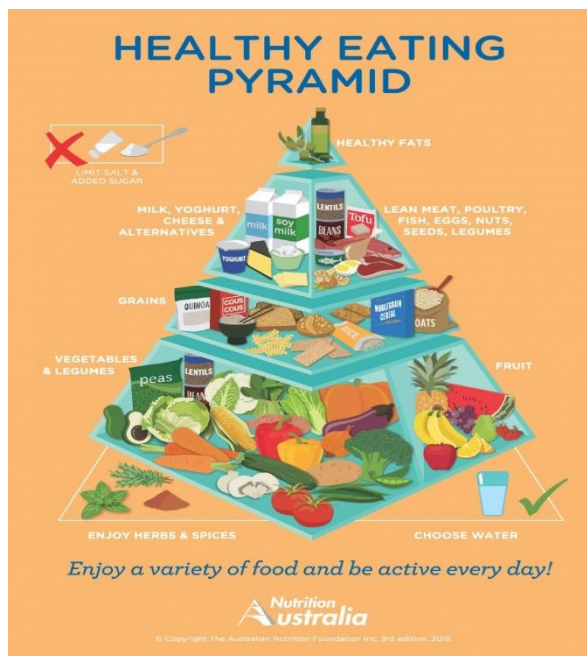

Do not hesitate to ask me any questions to further develop yourself as a sports player. I am looking forward to seeing all the sporty students around the school!
